

KAREN DELOUMI

Karen Deloumi has been an active Foothill Community Health Center Board member since early 2010. Karen is committed to improving healthcare delivery and ensuring the residents of Santa Clara County have access to an affordable healthcare system. Karen is actively involved with the Foothill Information Technology Committee; advocating for the use of IT risk standards, leveraging next generation electronic tools, supporting business goals, quality standards, increasing clinic efficiencies, security and increased access to care.

Karen has 18 years of business leadership, project management, consulting and technical experience which she gained while working for large enterprise and small corporations.

Karen has a B.S. degree in Business with a focus on Management Information Systems. Currently a resident of Santa Clara County. Karen enjoys the great outdoors, art, gardening, process improvement and problem solving. She understand the complexities of healthcare delivery and the personal, economic and financial importance provided by affordable, easy access to high quality healthcare at the time it is needed. Her career diversity promotes a global and technical view toward healthcare.
